CKEditor

Checking for sites/all/modules/ckeditor/ckeditor/config.js of sites/all/libraries/ckeditor/ckeditor.js.

The CKEditor component is not installed correctly. Please go to the CKEditor homepage in order to download the latest version. After that you must extract the files to the sites/all/modules/ckeditor/or sites/all/libraries/ckeditor/dkeditor.js file exists. Refer to the README.txt file for more information.

If you have CKEditor already installed, edit the CKEditor Global Profile and update the CKEditor path.
