39 package suggestions were added by new dependencies, use
`composer suggest` to see details.
Package doctrine/reflection is abandoned, you should avoid using
it. Use roave/better-reflection instead.
Package symfony/debug is abandoned, you should avoid using it. Use
symfony/error-handler instead.
Package webmozart/path-util is abandoned, you should avoid using
it. Use symfony/filesystem instead.
Generating autoload files
64 packages you are using are looking for funding.
Use the `composer fund` command to find out more!
